Documentation demonstrating that the applicant(s) have access to the proposed means to meet the requirements of confidentiality, data security and protection of personal data, e.g. in the form of a commitment letter by the research organisation(s) of the applicant(s) *

Project_Documentation demonstrating that the applicant(s) have access.pdf 25.71 KB

Commitment of all applicants to use the data solely for the purposes of conducting research that contributes to the detection, identification and understanding of systemic risks in the Union, as set out pursuant to Article 34(1), and to the assessment of the adequacy, efficiency and impacts of the risk mitigation measures pursuant to Article 35, as specified within this application *

☑ I commit

Commitment of all applicants to make the results of the research publicly available free of charge, within a reasonable period after the completion of the research, subject to the rights and interests of the recipients of the service concerned, in accordance with Regulation (EU) 2016/679 *

☑ I commit

Estimated date (DD/MM/YYYY) for publication of the research results *

17/11/2026

Confirmation and declaration required by all applicants: I confirm and declare that I comply with all of the criteria set out in Article 40(8) of the Digital Services Act, that there is nothing to my knowledge that would mean I should not be granted the status of 'vetted researcher' for the specific research referred to in the application, and that the application does not include or omit any information that is materially misleading in connection with my application *

☑ I confirm
